## LESSON 3: MAKING CONNECTIONS

British Science Week Theme for 2023: Connections -  
Your task: interpret the 'Connections' theme:

- Show how a simple action like recycling cans, bottles and cardboard, directly helps the environment.
- Explain how using fewer plastics helps marine life.
- Demonstrate turning off the tap when brushing teeth.

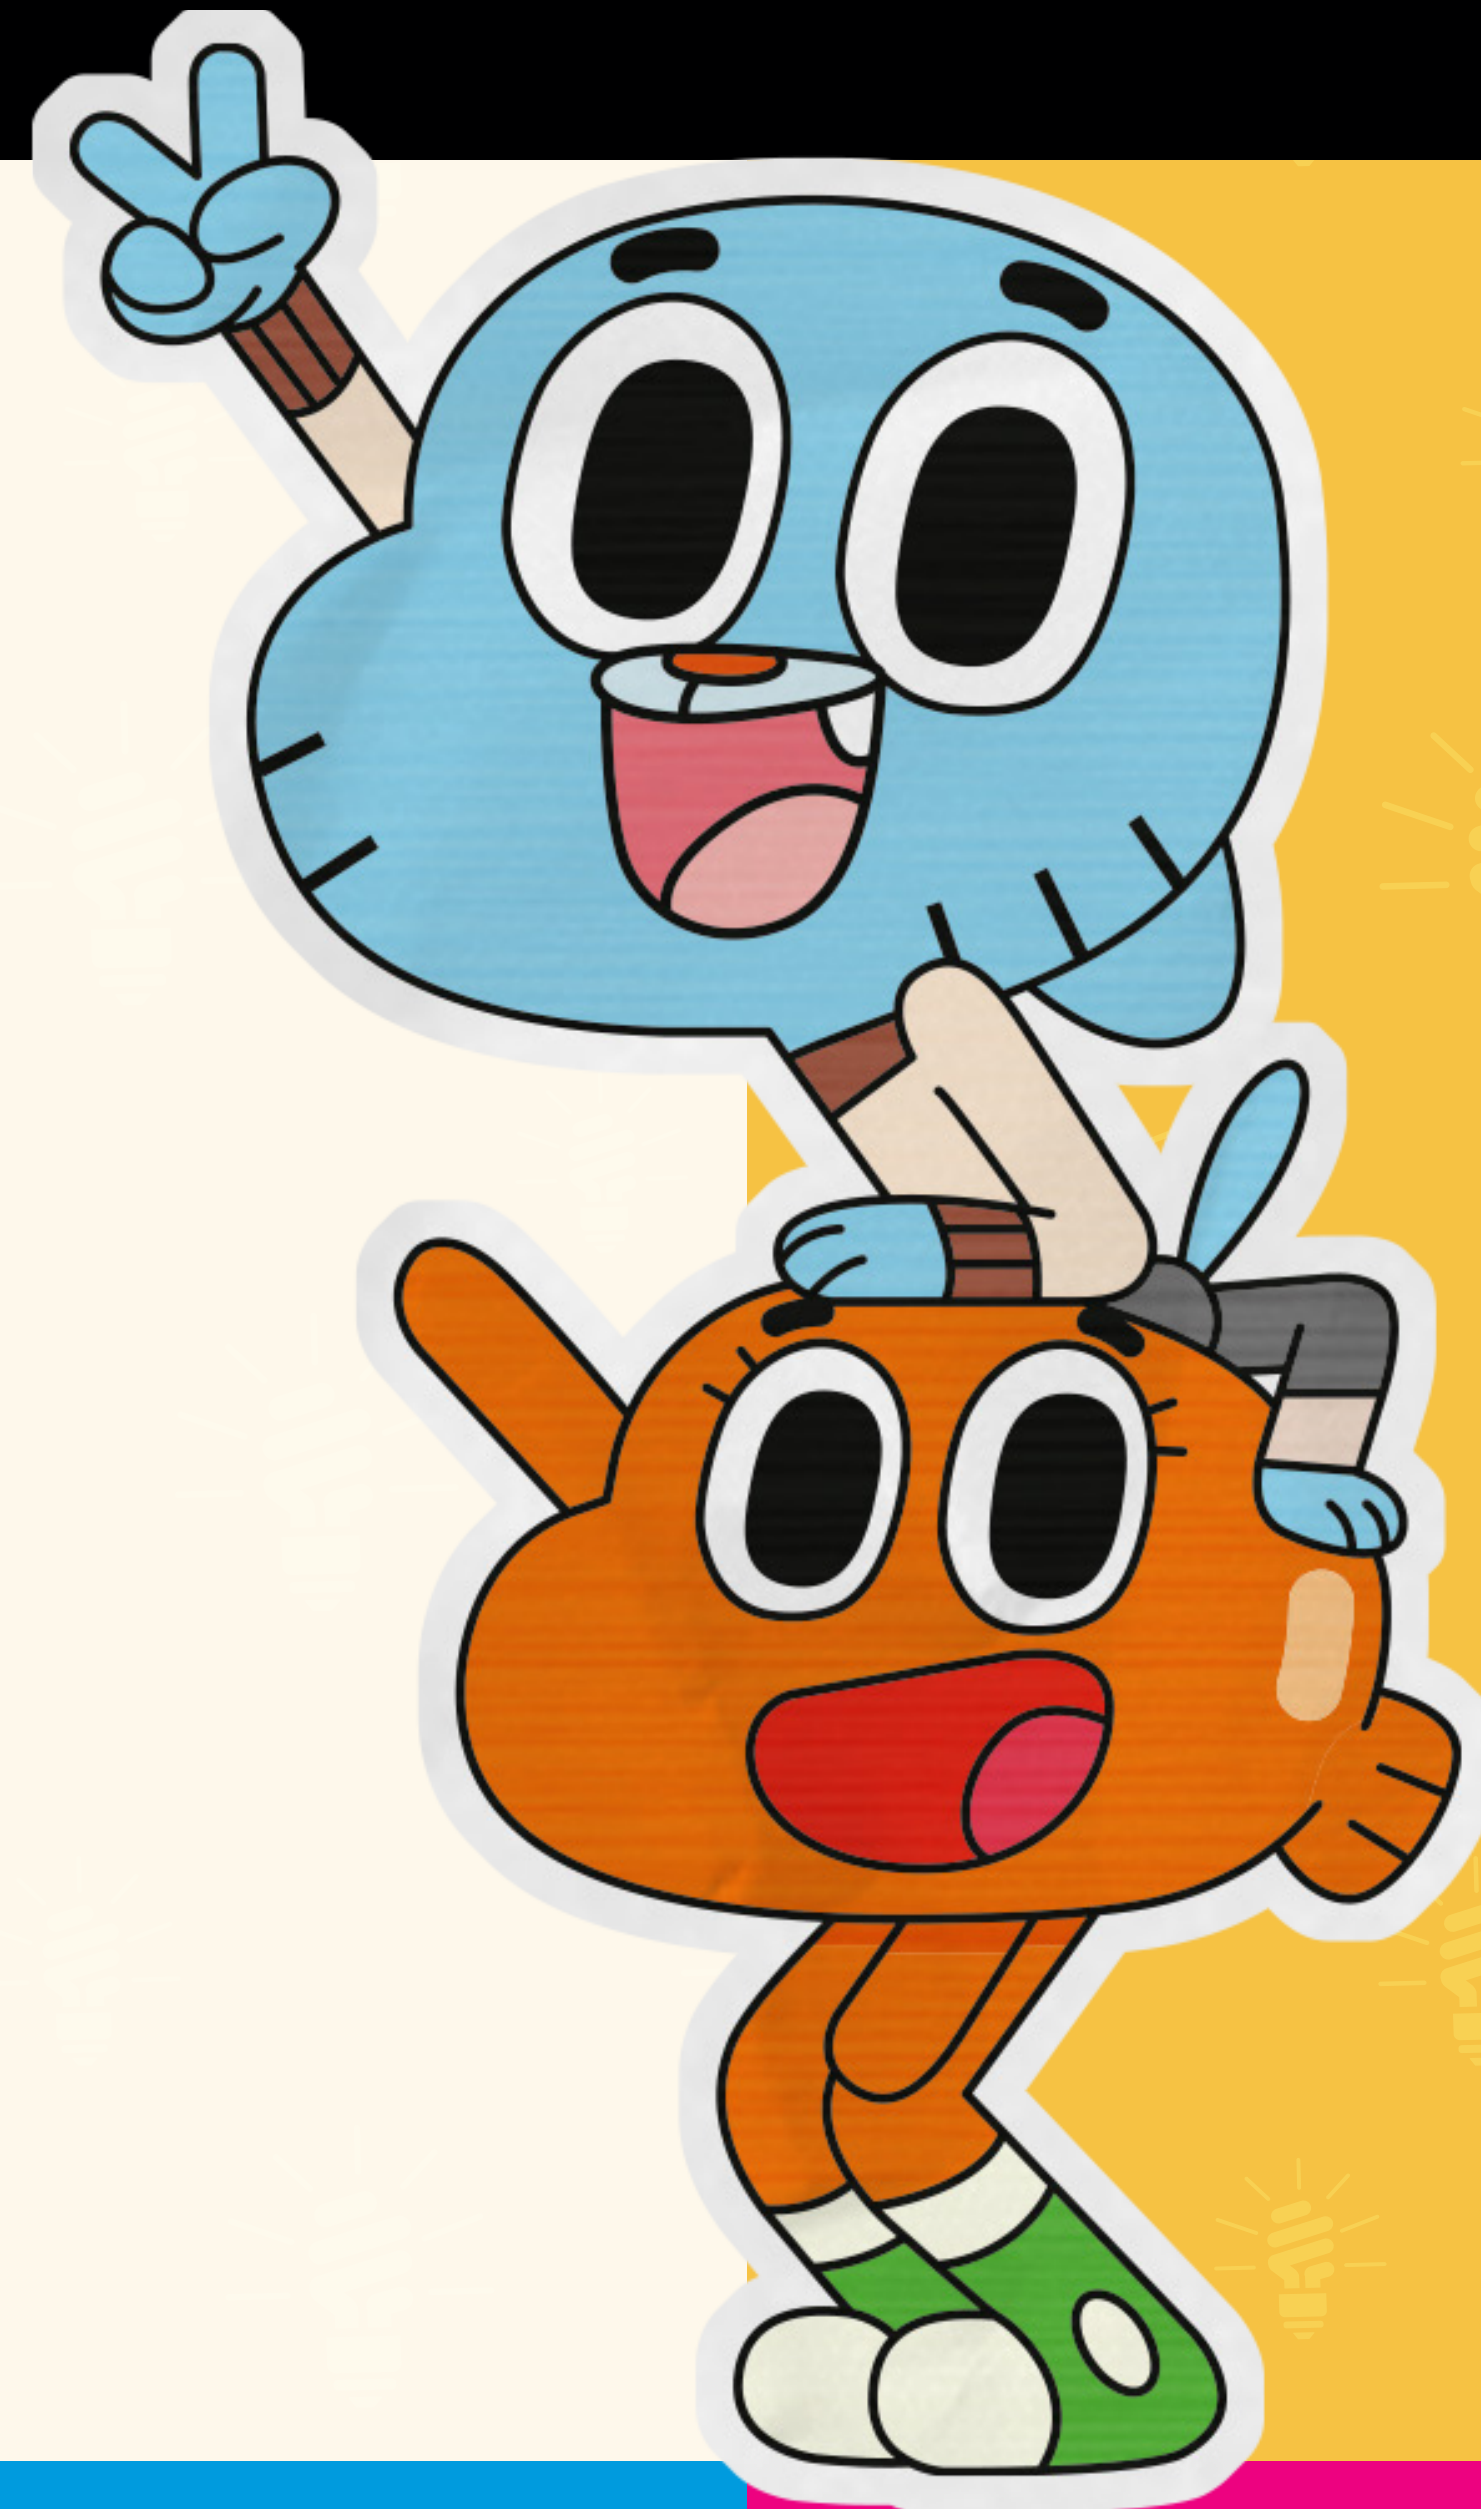

## LESSON 3: MAKING CONNECTIONS

When you've decided on your 'Connections' message, consider how you'll to present it.

Will it be...

- A stunning piece of artwork?
- A dramatic poster?
- An article for a magazine or newspaper?
- A social media posting?

**WELL DONE!**

You've become a Cartoon Network  
Climate Champion! What's the next step?
