Imagine: on your travels with Prince Ivandoe and his loyal companion Bert, you encounter a creature so weird and wonderful, it almost defies description.

For example, it might:

- Be part animal, part vegetable, part human.
- Have an amazing mix of colours.
- Be able to see for hundreds of miles.

## LESSON 5: CREATE YOUR OWN FANTASTIC CREATURE!

When you're creating your creature, consider:

- Its height (is it unbelievably tall? Or tiny but powerful?).
- Its limbs (are they strong and muscly? Or extended and spindly?).
- The shape of its face (is it grinning broadly? Or grimacing cruelly?).

These are suggestions to spark your amazing creative powers!
