

WELCOME BACK TO

LESSON 2:

Message from Starfire and Cyborg.
You must do more! (Part 1)

LESSON 2: CLIMATE CHAMPIONS AT WORK

This might be your opportunity to listen to some other pupils' accounts of 'What Planet Earth Means To Me...'

- ★ Which passage impressed you most?
- ★ What was it that caught your attention?
- ★ Has anything you've heard from other pupils changed your viewpoint about climate change?
- ★ On a scale of 1 to 10, how important do you think it is for everyone to be a Climate Champion?
- ★ What will be your 1st action as a new Climate Champion?

CLICK TO PLAY

LESSON 2: CLIMATE CHANGE RESEARCH

Time for some climate change research - what can you discover about...

- ★ Examples of extreme weather in:
 - ★ The UK.
 - ★ Europe.
 - ★ The rest of the world.
- ★ Climate change statistics.
- ★ Famous people's warnings about climate change.
- ★ Climate change predictions.
- ★ Climate change effects *you've* noticed.

LESSON 2: USEFUL WEBSITES

These websites will provide you with useful climate change information:

- ★ Climate Champions: <https://cartoonnetworkclimatechampions.com/en-gb/>
- ★ NASA: <https://climate.nasa.gov>
- ★ World Wildlife Fund: <https://www.wwf.org.uk/climatechange>
- ★ The Royal Society: <https://royalsociety.org/topics-policy/projects/climate-change-evidence-causes/>

Can you find any more sources of information?

(Your teacher may suggest alternative/additional websites)

LESSON 2: YOUR CLIMATE CHANGE RESEARCH

Looking back at your research:

- ★ Which piece of information about climate change surprised or shocked you?
- ★ Was there a climate change picture that had a strong effect on you?
- ★ What do the people around you feel about climate change?
- ★ Do you feel that the issue has become more urgent, recently?

How can you reassure and persuade your friends and family that each individual can make a difference to climate change - that we can all be...

CLIMATE CHAMPIONS?
