

ACTIVITY SHEET 3.

SAFETY FIRST

- Are you planning to use scissors or any other sharp objects while you are building the rocket?
- If Yes, have you had permission from your teacher?
- What has your teacher told your rocket-building group about how & when you are allowed to use scissors or other sharp objects?

TAKING ON A ROLE

- Are you clear about exactly what you are responsible for in this phase of the rocket-building process?
- What's your deadline?

GETTING DOWN TO WORK

- Have you got all your materials in place?
- What are the precise dimensions of your space-rocket?
- Who's going to do the measuring-up?
- What material are you using for the fins?
- How are you going to fix them to the main body?

ROCKET POWER

- Who is responsible for the rocket's power source?
- Have they got all the necessary components together?
- Have you checked with your teacher about whether your plans for powering the rocket are likely to work?

FINISHING TOUCHES

- What's your rocket's colour scheme?
- Have you applied any stickers?
- Have you decided on a name for your rocket?
- Who's checking that everything's in place on your finished rocket?
- Are you ready to launch?!
